

Specification

Carob Flour Powder

Definition			
	Dried and milled carob fruit without seeds		
Origin/Synthesis (short description)			
	Ceratonia siliqua (L.) Taub. (Fam Leguminosae); plant part used: fruit without seeds		
Characters	Reference	Requirements	Observations
Appearance	Organolept.	Powder	
Colour	Organolept.	Light brown	
Odour	Organolept.	Characteristic	
Taste	Organolept.	Characteristic	
Assay/ Ratio	Reference	Requirements	Observations
Identification	Reference	Requirements	Observations
Tests	Reference	Requirements	Observations
Moisture	Internal	Max. 5 %	
Particle size	Internal	Min. 95 % through 200 mesh	
Ash	Internal	Max. 4.0 %	
Crude fibre	Internal	Min. 10 %	
Total sugars	Internal	Min. 30 %	
Total plate count	EP	Max. 10,000 cfu/g	
Yeasts and Moulds	EP	Max. 1,000 cfu/g	

Tests	Reference	Requirements	Observations
E. coli	EP	Max. 10 cfu/g	
Salmonella	EP	Negative / 25g	

Manufacturing and Release Data	Requirements	Observations
Manufacturing date		
Analysis date		
Retest Schedule	Min. 24 months	

Storage	Reference	Requirements
Containers		Tightly closed, cool, dark and dry

Further remarks

Regulatory Data	(acc. to supplier information and sampling/testing plans within scope of due care)
<p>Not a hazardous substance acc. to EC reg. 1272/2008 and 1907/2006. MSDS not required. Product has not been subjected to irradiation.</p> <p>Free of BSE/TSE (Bovine/Transmissible Spongiforme Encephalopathy).</p> <p>No obligation of GMO labelling as defined in EC reg. 1829/2003 / 1830/2003. Conform to pesticides EC reg. 396/2005 and amendments.</p> <p>Conform to contaminants EC reg. 1881/2006 and amendments as far as applicable. Free of allergens subject to labelling acc. to EU reg. 1169/2011.</p> <p>No obligation of nano material labelling as defined in EU reg. 1169/2011</p> <p>Conforms EC reg. 178/2002 for food raw materials conc. food safety, traceability, hygiene management. Suitable for vegetarian and vegan food. Produced without the use of products of animal origin.</p> <p>Without use of palm oil and palm oil derivatives.</p>
